

Please read the introductory readings on stare decisis and separation of powers

Please choose one of these former justices of the Ohio Supreme Court. As soon as you have made your choice, please post your selection on the course TWEN site, under the forum section entitled Ohio Supreme Court Justices, so there are no duplications. There should be one justice for each student. You will be asked to give a brief (5 minutes maximum) background sketch of your justice—this will either take place in our first or second class. Please do **not** just give basic biographical facts, but try and uncover material which gives the class a sense of what “your” Justice is all about.
